"Organized Effort on Behalf of Our City"

"The conception of Chamber activities is embodied in one of the adopted slogans 'Organized Effort on Behalf of Our City'—and the Chamber is a success only to the degree that this effort is extended and service rendered impartially, fearlessly and unselfishly for the benefit of the community. The Chamber has made great strides in further developing the comprehensive character of the organization, which today is more generally recognized as an organized body through which all citizens may work for the advancement of the civic and commercial welfare of the city. It is non-partisan and non-sectarian. It voices the opinion of a membership composed of all shades of thought and of all lines of commercial and professional activity. It is the voluntary, collective contribution of public-spirited men and women to the common good."

BUYERS' DIRECTORY

It's Practical Uses

To give permanence to paid-for publicity.

To detail more fully the products and service of industrial, commercial, financial and professional activities.

To form a quality background by the better use of type and paper.

To create a department of those in each community whose stability has built the foundation upon which progress has been attained. (The length of this advertising service automatically eliminates investments for space by those who question their ability to continue business activity.)

To safeguard the buyer by eliminating statements that mislead, or do not conform to business integrity.

IS the **City Directory**. If your business is fully displayed in it there is no doubt as to the benefit to you.

Supervised *by the Government*

STRONGER than the vault or its sixteen-ton door is the backing of the National Newark and Essex Banking Company.

A century ago its Cashier's orders were talismen for passage on the New York ferries. Then very little money was good money.

Today we have an account from the majority of Newark concerns employing labor extensively.

The National Newark and Essex Banking Company is a *national* bank, United States depository, also depository for state, county and municipal funds.

THE MIDDLE MAN

THE City Directory is the Middle Man of
Buyer and Seller You should be fully
displayed therein to increase your business.

*from East Orange . . . to Kearny
... to Broad Street*

Your Bank Account

You live in the Oranges—
or the Clinton Hill section—
or in Forest Hill.

Your factory is on the other
side of Newark.

For business reasons, you
prefer to bank with a large
bank, and carry the best average
balance possible, to improve
your credit standing.

Traffic conditions are annoying.
Your wife insists on a
household account near the
house. Your payroll account
must necessarily be close to
the factory. . . .

. . . and it is better to have
these with a bank large enough

*to meet the credit needs of
your rapidly growing business*

The Fidelity Union Banks
are strategically located in the
Newark territory. Wherever
your home or your factory is
located, they are convenient

Talk with our officers about
the advantages of centralizing
your accounts with these
banks. Explain your credit
needs and familiarize yourself
with our requirements. Maintain
a proper balance, and
you will find you can always
depend on the Fidelity Union
to stand by you.

THE City Directory is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the classified list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. The City Directory

Does not compete with any other advertising medium, but supplements and complements all other forms of mercantile publicity.

Intelligent Directory Advertising describes desirable merchandise attractively and directs you to the door of the man who has it for sale.

Reference Advertising

HE who buys space in the City Directory buys advertising permanency. Every day thousands of business men all over the country search its classified sections to find where nationally advertised goods may be purchased. City Directory ("Reference") Advertising is the completing "garden" in the bridge between dealer and consumer, and should be part of all national and local campaigns.

THE Mutual Benefit Life Insurance Company, Newark, N. J., has enjoyed an unusual reputation as a purely mutual institution. Since its organization, in 1845, it has been dominated by the one thought of service to policyholders. Its beginnings were small, but the foundations were firmly laid. The Company has grown steadily from year to

year until it is one of the largest in the country. It is not by accident that the Mutual Benefit has grown so consistently for over three-quarters of a century; but rather because of its strict adherence to the true spirit of mutual insurance and ideals of service which have made it unique among the companies of the world.

Pride of Leadership!

Newarkers may well feel proud in the possession of a Newspaper which is recognized throughout the nation, not only as among the outstanding news journals of the day, but one of the greatest result producing mediums for advertising as well.

Again in 1926, as for several years past, The

Newark Evening News

Ranked First in the United States

In three important Advertising Classifications, which prove its influence in the Home

First in Classified Advertising

First in Automobile Advertising

First in National Advertising

Such a record of leadership, achieved among the more than 1500 six-day newspapers published in the United States proves the high regard in which it is held by local and national advertisers and is cause for just pride in the success of a strict policy of a clean, newsy newspaper—built for the Home and 90% Home Delivered.

New Jersey Freie Zeitung

The only German Daily paper in the State

Published Every Morning

(Established 1858)

DAILY AND SUNDAY for Sixty nine years the "Freie Zeitung" has been an ever welcome morning visitor in the homes of the thousands of German-Americans throughout this city, county and state.

As a first-class family newspaper, with a capable staff, and the Associated Press telegraph and cable service, it has a powerful influence, its editorials and news matter being widely quoted and copied by other newspapers.

As an advertising medium, the high quality of its home circulation, and the fact of its having an exclusive field, produces excellent results for stores, real estate agents, banks, and every good, honest proposition, as its perpetually well filled advertising columns plainly testify

Newark is a German-American city, and any advertiser who attempts to cover it without using the German American newspaper deliberately cuts himself off from the business of a very large proportion of the population

Reference Advertising

HE who buys space in the City Directory buys advertising permanency. Every day thousands of business men all over the country search its classified sections to find where nationally advertised goods may be purchased. City Directory ("Reference") Advertising is the completing girder in the bridge between dealer and consumer and should be part of all national and local campaigns.
